

Mission Statement

Abbeville Area Medical Center maintains compliance with the Payment Card Industry Data Security Standard (PCI DSS). The purpose of the Merchant Credit Card Policy is to protect our customers' credit card data and personal information shared for the sole purpose of settling amounts owed to the facility. Any information obtained will be used only for the purpose of processing credit card transactions and will not be retained.

Background

PCI DSS was established by the credit card industry in response to an increase in identity theft and credit card fraud. Every merchant who handles credit card data is responsible for safeguarding that information and can be held liable for security compromises.

Privacy

You acknowledge that any personal information that you provide through the AAMC website will be used by the facility in accordance with AAMC's Privacy Policy.

You certify that the information you provide on the AAMC website is accurate and complete. If you believe someone has used your personal information or account without your authorization, you must notify AAMC.
